**Permit ID:** 63220

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Darlene Venable  
C/O Charles F. Dawley, Jr., R.L.S.  
661 Hidden Boulevard  
Mount Pleasant, South Carolina 29464

**LOCATION:** On and adjacent to Hamlin Creek at 612 Palm Blvd, Isle of Palms, Charleston County, South Carolina. TMS#: 568-10-00-222.

**WORK:** The work as proposed and shown on the attached drawings consists of modifying an existing dock. The proposed modifications consist of adding a partial 12' x 12' roof over the existing 10.5' x 24' fixed pierhead, adding a 12' x 13', four-pile boatlift on the channelward side of the pierhead, and relocating an existing 6' x 20' floating dock to a parallel orientation to the pierhead. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before May 31, 2008. For further information please contact the project manager for this activity, Steve Brooks at 843-953-0235.*
